github.com/RahulRaoMR

Full stack developer with experience building and deploying responsive web applications, REST APIs, and database-backed features. Focused on maintainable interfaces and practical software delivery.

PROFESSIONAL EXPERIENCE

Full Stack Developer

January 2026 – Present

Talme Technologies Pvt. Ltd. · Bengaluru, Karnataka

- Develop and maintain full stack web applications using React.js, Node.js, Express.js, and MySQL or MongoDB.
- Delivered and deployed live platforms including Talme, Talme Companions, Talme HRMS, and Utsavas.
- Build responsive user interfaces, integrate REST APIs, and work on database schemas, queries, authentication, and role-based access.
- Collaborate on requirements, code reviews, debugging, testing, performance improvements, and deployment.

Junior Software Developer Intern

March 2024 – March 2025

Wolffacs · Bengaluru, Karnataka

- Completed a 12-month software development internship, contributing to frontend and backend tasks in an agile team.
- Worked with senior developers on scalable codebases, including React Native mobile development.
- Collaborated in stand-ups, sprint planning, and code reviews; gained experience with REST API integration, databases, and payment gateway workflows.
